1. ADMISSION PROCESS

1.1 REGISTRATION OF INTEREST AND CREATION OF A PROFILE

To start the admissions process, families are invited to create a Redbridge account on the school's online platform, and complete the registration of the interest form (<https://redbridge.openapply.com/>). The information will be saved in the system for future reference. Families should make sure to create an account using an email address they can access to throughout the admission season, as this will serve as primary contact with our school.

1.2 VISITING THE SCHOOL

The Admissions Office will contact families to schedule a visit upon submission of the Registration of Interest form. A member of the Admissions Office will lead the visit, show the school's facilities, and answer any questions families may have about the school's pedagogical project, school life, and admissions procedures.

Please note that children should also attend the visit.

For families applying from abroad, we would be pleased to arrange a Zoom meeting.

1.3 SUBMITTING THE ONLINE APPLICATION PROCESS

Following the visit, if the family wishes to proceed with the admission process, they must complete the online application form and submit the application fee (non-refundable; see §3.1).

The completion of the online application for a student requires the submission of the following documents before the admission process can be considered:

- Applicant's photo;
- Copy of the school reports of the past academic year, as well as the year in progress, if applicable;
- Relevant documents supporting learning, social and medical information, if applicable;
- Copy of the applicant's immunisation record;
- Recent declaration of non-debt from the previous school certifying that the student has no financial debts;
- Proof of payment of the application fee.

We strive to accommodate diverse learning needs within the scope of our available resources. Families are encouraged to share relevant information to ensure appropriate support.

The submission of the online application does not guarantee or confirm a place at Redbridge International School.

1.2 ADMISSION DECISION

Priority consideration is subject to the factors below:

- children of staff;

The Admissions Committee is committed to promoting cultural diversity within the student body, which aligns with Redbridge's core values.

1.2.2 Consideration for acceptance

- Applicants are required to have previous exposure to at least one of the three main languages taught at Redbridge International School.
- While Redbridge supports students coming from abroad who are new to English, English language requirements increase as students progress to higher grades.
- Redbridge only considers applicants who are not proficient in one of the two main languages taught in the relevant pathway (French and English for the French/English pathway, CP to 1^{ère}, and Portuguese and English for the Portuguese/English pathway, 1^o to 6^o ano), only if it is determined that, over their projected time at Redbridge, students will be able to develop sufficient proficiency in the language.

The following language proficiency levels are minimal indicative requirements at the start of the school year for admission to the respective bilingual grades:

¹ When applying to the French-English pathway.

1.2.3 Admissions Decision

Admission decisions are based on a holistic review of the applicant's profile, considering academic readiness, social-emotional development, and the school's capacity to support the student's needs.

All applications are considered individually, taking into consideration the following factors:

- Previous school history;
- Language profile and proficiency level;
- Final goals of the applicant;
- Age as per national regulations.

Based on the following presumptions, the Admissions Committee decides whether to admit the student with the advice of the relevant Head of Programme:

- Completion of the online application form;
- Supporting documents;
- Assessments and interviews, if applicable;
- Availability of spaces in classes;

- Ability to cope with the academic challenge of a bilingual curriculum and benefit from our educational programme;
- Ability to contribute positively to the life of the school.

Final admissions decisions are:

- **Acceptance:** qualified applicants are offered a provisional reservation, communicated in writing by the Admissions Office. This notification will include details of the next steps in the enrolment process, including the payment of the enrolment and the administration and resources fees within the 10 (ten) following days.
- **Acceptance with conditions:** exceptionally, a provisional reservation of a place might be granted with a specific set of conditions if the school determines that the applicant's academic success will improve within the conditions set. Throughout the academic year, the enrolment will be reviewed based on the student's level of success.
- **Waiting list:** where a student meets the acceptance criteria but there are no current spaces in the respective year group, they may be placed on a waiting list for the academic year they have applied for. When a place becomes available in the appropriate year group, the student's acceptance status will be confirmed, and they will be admitted to the cohort.
- **Non-eligibility status**, which could be induced by any of the following factors:
 - Inaccurate or incomplete information
 - Non-disclosure of a known learning disability
 - Lack of alignment with Redbridge values
 - Redbridge's inability to provide a suitable programme for the applicant

The Admissions Office will formally notify parents in writing of its decision regarding their child's admission to the school

1.2.4 Enrolment

Upon receiving the decision of acceptance, parents are required to pay the enrolment fee and the administration and resources fee within 10 (ten) consecutive days. The payment of the relevant fees secures the place at school and is non-refundable. If the offer of the place has not been accepted by the 10-day deadline, the place will be released, and Redbridge International School cannot guarantee the possibility of enrolment beyond this date.

The student's enrolment at Redbridge International School is only complete when the payment of the Enrolment and the administration and resources fee is received by the Finance Office by the date established by the school.

By enrolling a student at Redbridge International School, parents agree to comply with the school's rules, regulations, and policies.
